Hello from Google Taiwan!

The New Google Hub in APAC: We first opened our Taipei 101 office in 2006 with just one employee. Today, we have offices across six cities in Taiwan, and our workforce has grown ten times in the last five years. Google Taiwan leverages Artificial intelligence, Software, and Hardware to build products that help create opportunities for everyone, whether down the street or across the globe.

To build a product for everyone, Google Taiwan is building a team enabling talent to thrive. Take the actions below to stay connected with us!
