

Job opening : Management Trainee

This is Bioguard Corporation in Taiwan. We are eager for talents from different countries to join our company. We could provide work visas and cooperate with the intermediary to assist in the affairs of coming to Taiwan. We will provide thorough training and are seeking for self-motivated and passionate members.

■ Regarding Bioguard :

Bioguard Corporation is an international corporation that develops, manufactures, and commercializes animal diagnostic kits and service diagnostics for Veterinary clinics and hospitals.

We scrutinized the production of our diagnostic product with the same standard of human diagnostic kits. We are the first and only ISO/ IEC 17025 accredited animal disease testing laboratory in Taiwan and China. We are among the top 5 market leaders in the animal diagnostic kit in Taiwan and China.

With our diagnostic products that sell throughout Europe, Asia, and the Americas along with the support of our reference laboratories, we simplified the life of millions of veterinarians worldwide in their day-to-day practice.
